

# SIMPLE KINGDOM LIVING

**Vision 2026  
St James in the City**

Thank you for reading this Vision booklet and THANK YOU for being part of our Church.

God is renewing and changing the shape of the Church throughout our Nation: it's exciting.

When we put Jesus first the noise and clamour of life quietens and God invites us to embrace a new set of priorities which we'll be exploring through the Sermon on the Mount: Simple Kingdom Living.

As we move beyond the funding support of the Liverpool Next Generation project, we are invited to embrace the priority of Young People and take more responsibility for the costs of that ministry.

Please prayerfully ask God how you can financially contribute to the Vision for all that lies ahead.

We celebrate the successful Church Revitalisation at St Mary's, we're in active conversations about future Church planting, and we remain committed to our Vision to Resource the Next Generation.

May we see much fruit as we choose to put Jesus first – Amen!
